

A226-MAIN

Precision & Power Redefined

The **A226-MAIN** is the next logical step in the evolution of the PSI Audio speaker portfolio: a fully realized main studio monitor with uncompromising accuracy. It features **three ways** with four drivers: the dual 10-inch **D'Appolito** woofers deliver deep, controlled bass with a wide sweet spot and reduced reflections; our proprietary **EXD midrange driver** achieves unmatched transient response; and our all-new **aluminium coil tweeter** provides ultra-detailed highs. Vivid, powerful dynamics and pristine clarity over an extended frequency range provide all the accuracy and precision discerning professionals require to create engaging mixes.

This is it. The real thing.

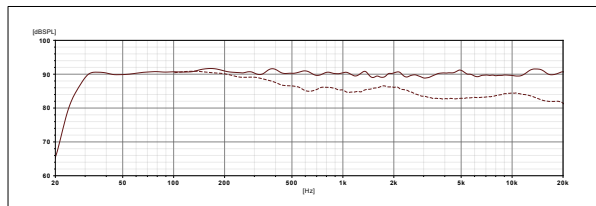

MAIN FEATURES

Frequency Range
24 Hz - 23 kHz

Peak Max SPL @ 1m
126 dB

Power
500 + 150 + 65 W

Size
960 x 496 x 399 mm
37.8 x 19.5 x 15.7 in

Key features

- **Fully Reinforced Double 19mm MDF Enclosure** eliminates cabinet resonance for pure, uncolored sound.
- **Asymmetrical Layout** ensures optimal frequency dispersion for a perfectly balanced listening experience.
- **D'Appolito 10" Woofers** deliver tight, controlled low-end response in any room.
- **EXD (EXtended Dome) Technology** provides superior transient response and absolutely precise midrange clarity in an ultra compact baffle.
- **New Handmade Aluminium Coil Tweeter** is the most advanced tweeter for pristine high-frequency reproduction.
- **Next-Gen Class G/H Amplification** – an evolution of our 2010 design for even greater efficiency and performance.
- **Double Flow Guide Bass Reflex** achieves deep, powerful bass with zero air turbulence or unwanted noise.
- **Modular Electronics** guarantee maximum flexibility, effortless upgrades, and simplified long-term maintenance.
- **Rotatable Baffle** allows for seamlessly adapting for both horizontal and vertical placement.
- **Fully Analog, Handmade & Individually Calibrated** for superior longevity and reliability for professional use.
